

# The new Ferndale Boys & Girls Club is under construction

July 2009

Thanks VERY MUCH to Amy Nicol, Chief Knapp and Jeff Callender of Conoco Phillips for attending an extremely successful meeting with the new Ferndale School Superintendent, Linda Quinn. Ms. Quinn was given a tour of the Club by Nathan Parr, one of our Club Members. She then sat with us for a very comfortable roundtable discussion about the relationship between the School District and the Club. I see some really good potential for some win-win-win partnerships by way of transportation, facilities usage and grant opportunities. She's eager to make some new things happen while recognizing that she can't let anything previously existing that was successful fall by the wayside. Thanks also to Caroline Winfrey for providing a blueberry coffecake that was enjoyed during the meeting.
